HEALTH

All animals will be accompanied by proper health certificates making them eligible for interstate shipment. No tolerance for ringworm will be allowed.

SEMEN TEST & BREEDING GUARANTEE

All bulls born before January 1, 2022, must pass a breeding soundness exam performed by a licensed veterinarian after January 20, 2023 and prior to arriving on the Expo grounds. All bulls born before January 1, 2022 or any non-virgin bull requires a single negative PCR test after January 20, 2023. All bulls and open heifers are guaranteed by the seller to be fertile breeders. All females 24 months or older will have a calf at side or be pregnancy tested by a veterinarian and found to be safe in calf.

FEMALES ELIGIBLE FOR IBE JUNIOR HEIFER SHOW

All heifers born after September 1, 2021 sold in the Iowa Beef Expo Sale are eligible for the IJBBA Junior Heifer Show, Saturday, February 18. Upon settlement with the sale clerk, visit the Iowa Beef Expo Office to complete registration of the heifer for the weekend's show. Sale heifers are also eligible for the IBE Sale Heifer Futurity Show on Friday, February 17.

This is a masculine, rugged herd sire that has an abundance of power, yet he still sets down on a big, square foot and gets out and goes with flex and comfort. "Outer Banks" is a great built, good haired bull that stems from a perfect uddered dam that we flush regularly and she goes back to the original "Smokette" donor. With his power, build, and balanced genetic profile, we feel he will make quality, profitable offspring for any operation.

Redempter is a powerhouse son of the Royal Breeders Bull Classic Champion Bull, Redemption. Redemption has fast become one of the hottest bulls in the breed. Redempter's mother, M6 New Nancy 2134, is one of the breed's elite donor cows. She was a sale topper at the historic M6 Dispersal Sale. Her sons were high sellers at M6's breed leading bull sales. Redempter is a tank. He is huge ribbed and big bodied with a soft, easy doing look. He had a low 80 pound birth weight to go with explosive performance. Great herd sire prospect.

131 is a strong topped, smooth made, good structured son of the breed's great calving ease and maternal sire, Rushmore. His dam, who comes from the Baldrige Sweetheart cow family, was a banner winning show heifer. Not only does this bull look good, he's got great numbers to back him up. He has great actual numbers with a 76 pound birth weight and a 785 weaning weight and a 1315 pound yearling weight. His EPDs are elite with a milk EPD in the top 2% of the breed and a birth weight EPD in the top 8% of the breed.

Big Time Opportunity. This yearling stud is a masculine, powerful bull that is awesome built and offers a quality look from the side. It's unique when a Charolais bull has his combination of softness of body, muscle, and look while staying excellent in his foot shape and flexible in his structure. He has already been named the Reserve Grand Bull at the Illinois State Fair and was Champion in his division at NAILE. His combination of power and structural correctness should complement any cowherd.

821 is a deep, thick, extra stout made female from our highly maternal Marie cow family. This is one the kids said we should be flushing instead of selling. 821's +31 milk EPD ranks her in the top 9% of the breed. Her dam is beautifully uddered, heavy milking daughter of the calving ease and maternal giant, LT Rushmore. She is sired by our walking herd sire, Topsider 19F who descends from the great Baldrige Sweetheart 7M cow. She is safe in calf and due in March to the popular calving ease sire, GHC Reagan.

Simply put, this heifer is as good as we have ever offered. It's unique when a female is this soft and bold about her body shape, yet props up with a striking, attractive look from the profile and reads so correct in her angles. We love how big pinned and level hiped she is, while being soft haired and tame enough for any age exhibitor. Being a direct daughter of the M&M Ms. Watt cow that is an exciting young donor and out of the most dominant show sire in the industry, Outsider, gives us a ton of faith in her future and we feel she will compete at a high level. Bid to win.

Don't pass on this solid white composite heifer we are offering this year. With being a May baby, she does get into a different division at Junior National in Minnesota this summer! She is green but is right on track for being a later birth date. Give her time and she will bloom! Follow Triple P Show Stock on Facebook for updates!

If you are still looking for a show heifer for the year, don't miss this fancy May heifer. Sired by our Outlander bull who we sold to Bar S in Kansas and out of an outstanding Eggleston bred JAB Around Here Buzz daughter. Bumble is very complete and has all of the right pieces to compete and become a money generating cow down the road.

EPDs								

Yes, she's a June! We believe she can compete at any level despite her age. Weber's have raised a fair number of composites. She isn't your typical course boned, steery looking composite. She is loose structured, smooth jointed and moves comfortably. Out of our LoLo donor who is 18.84% Chi which makes her a High Chi as well. Please call for videos. You'll like what you see.

Satterfield's Choice of the National Sale, whose dam was herself a Choice of the Eaton Herd that sold in the National Sale. 20533, known as the Eaton donor, is one of those females who have done everything right and has clicked with every sire she was mated to. You would be hard pressed to find one with a better structure or brood cow look. Deep and soggy those traits have translated to each of her calves. Her most notable son is the carcass expert SAT Gridmaker 6306, a full sib to the 38C embryos sired by M6 Grid Maker 104.

One of the most prolific LT Bridger daughters to ever come out of the Satterfield Charolais herd, Barbra 1142 was Glenn Sellhorst's choice of the full sibs and she has continued to prove him right in his decision. This exceptional donor combines all the eye appeal, angularity, and femininity you could want in a Charolais Donor. Either mating to these two powerhouse sires could prove to be the next donor or herdsire prospect.
